

PRASANNA G

Full-Stack Developer | AI/ML Enthusiast | Pre-Final Year IT Student

Chengalpattu, Tamil Nadu | +91-7845769645 | kalamprasanna7@gmail.com | [linkedin.com/in/prasannag7](https://www.linkedin.com/in/prasannag7) | github.com/PrasannaG7 | prasannag.netlify.app

PROFESSIONAL SUMMARY

Highly motivated B.Tech Information Technology student (CGPA: 9.33/10) from Agni College of Technology with strong proficiency in Python, Full-Stack Development, and Software Engineering principles. Experienced in building scalable web applications using React.js, Node.js, and REST APIs, with hands-on exposure to Cloud Computing (AWS), AI/ML, and DevOps practices. Academic Performance Topper 2025–2026 with proven problem-solving skills, strong communication, and a passion for developing efficient, high-quality software solutions. Seeking a Software Engineer role .

TECHNICAL SKILLS

Programming Languages	Python, Java, C, JavaScript, SQL
Web Development	HTML5, CSS3, JavaScript (ES6+), React.js, Node.js, Express.js, REST APIs
Databases	MySQL, MongoDB (basics), SQL queries, relational database design
Cloud and DevOps	AWS (EC2, S3, IAM – Forage Simulation), Git, GitHub, CI/CD basics, Docker (basics)
AI / Machine Learning	Machine Learning with Python, Neural Networks, Data Science concepts, Scikit-learn
Tools and Platforms	VS Code, Postman, Linux CLI, MS Excel, Jupyter Notebook, Figma (basics)
Core CS Concepts	Data Structures and Algorithms, OOP (Java), DBMS, OS, Software Engineering, SDLC, Agile
Soft Skills	Strong written and verbal communication, analytical thinking, teamwork, quick learner

EDUCATION

Degree	Institution	Score	Year
B.Tech Information Technology (Pre-Final Year – 3rd Year)	Agni College of Technology, Thalambur	CGPA: 9.33	2023–2027
Higher Secondary (Class XII)	Blessings Matriculation School	89%	2022-2023
Secondary School (Class X)	Blessings Matriculation School	-	2020-2021

Academic Highlight: Academic Performance Topper 2025–2026 | 2023-2024

ACADEMIC PROJECTS

Real-Time Bus Tracking System | Tech Stack: MERN Stack, Geolocation API

2025

- Developed a full-stack web application for live GPS tracking of college buses, enhancing commute visibility for 200+ students.
- Designed and implemented RESTful APIs for real-time location updates with low-latency backend architecture using Node.js and Express.js.
- Built an interactive map-based React.js frontend integrated with Geolocation APIs for intuitive user experience.

Placement Roadmap Platform | Tech Stack: HTML , CSS , JS

2026

- Built a structured placement preparation platform providing students with curated roadmaps for DSA, aptitude, and technical interview readiness.
- Designed MySQL database schema for user progress tracking, topic milestones, and resource management with normalized relational tables.
- Implemented user authentication, role-based access, and dynamic content rendering using React.js and Express.js REST APIs.

Food Inventory Management System | Tech Stack: React.js, Node.js, Express.js, MongoDB 2025

- Designed and developed a full-stack inventory management system for tracking food stock, expiry alerts, and supplier records.
- Implemented CRUD operations via REST APIs with MongoDB for flexible document-based storage and real-time inventory updates.
- Built a responsive React.js dashboard with filter, search, and export features for efficient stock monitoring.

Satellite Image Tracking System | Tech Stack: HTML, CSS, JS

2024

- Built an image processing pipeline to detect, classify, and track objects from satellite imagery using Python and OpenCV.
- Applied machine learning classification algorithms to identify land-use patterns and anomalies with high accuracy.
- Deployed a Flask-based web interface enabling users to upload images and view annotated tracking results interactively.

Blood Donor Application | Tech Stack: React.js, Node.js, MySQL, REST API

2026

- Developed a full-stack web application connecting blood donors with recipients based on blood group, location, and availability.
- Implemented real-time donor search, registration, and request management with secure user authentication and role-based access.
- Integrated MySQL with a normalized schema for donor profiles, blood requests, and match history ensuring data integrity.

CERTIFICATIONS

Cloud Computing – NPTEL — Elite Certificate

Covers cloud service models (IaaS, PaaS, SaaS), deployment strategies, virtualization, and cloud infrastructure concepts.

AWS Solutions Architecture Job Simulation – Forage

Designed a scalable and cost-efficient AWS hosting architecture for a real-world use case; applied EC2, S3, IAM, and VPC concepts.

Machine Learning using Python – Simplilearn

Supervised and unsupervised learning, regression, classification, clustering, model building, and evaluation techniques.

Artificial Intelligence and Neural Networks – Simplilearn — Beginner's Guide

Fundamentals of AI, deep learning, perceptrons, activation functions, and neural network architectures.

OOP in Java and Design Thinking – Great Learning

Object-oriented programming principles (inheritance, polymorphism, encapsulation); creative problem-solving and design frameworks.

Introduction to Python and C – Sololearn

Core programming constructs, data types, control flow, functions, and logic building in Python and C.

AWARDS AND ACHIEVEMENTS

Academic Performance Topper's Award (2025–2026)

Agni College of Technology, March 2026 — Awarded to the top-performing student of the IT department for achieving the highest CGPA of the academic year.

Outstanding Achiever Award

Agni College of Technology, September 2024 — Recognised for exceptional academic performance and contributions to college activities.

RELEVANT COURSEWORK

Data Structures and Algorithms • Object-Oriented Programming • Database Management Systems • Operating Systems • Computer Networks • Software Engineering • Web Technologies • Cloud Computing • Artificial Intelligence • Design and Analysis of Algorithms • Machine Learning • UI/UX Design

DECLARATION

I hereby declare that all the information provided in this resume is true and correct to the best of my knowledge and belief.
